

## NeuroSense Therapeutics to Present at Upcoming Leading Neuroscience Conferences

CAMBRIDGE, Mass., Oct. 27, 2022 /PRNewswire/ -- NeuroSense Therapeutics Ltd. (NASDAQ: NRSN) ("NeuroSense"), a company developing treatments for severe neurodegenerative diseases, today announced its participation in three upcoming conferences.

### Conference: The 21st Annual NEALS Meeting

- Dr. Ferenc Tracik, NeuroSense's Chief Medical Officer, will present a poster describing PrimeC's product development cycle and the Phase IIb PARADIGM study's design.
- Dr. Shiran Zimri, NeuroSense's Head of Scientific Program, will present a poster on NeuroSense's recent biomarker research, developments, and findings.

**Date:** November 1-3, 2022

**Location:** Clearwater Beach, Florida

**About:** The Northeast Amyotrophic Lateral Sclerosis Consortium (NEALS) 21<sup>st</sup> Annual Meeting will highlight NEALS-affiliated trial and project updates, an Industry Roundtable panel discussion, Science Symposium on technology and AI, a session highlighting the goals of the NEALS PEACe Committee and projects led by ALS Research Ambassadors, two abstract Poster Sessions, a "Hot Topic" session, Abstract Platform presentations, and networking opportunities.

### Conference: Neuroscience 2022

- Dr. Zimri will present a poster on PrimeC as a potential disease modifying treatment for ALS driven by novel biomarkers measuring mechanism of action. She will participate as a mentor in the Professional Women's Nexus (PWN) Breaking Barriers for Young Women in Science Social event taking place during the SfN meeting.
- Dr. Niva Russek-Blum, NeuroSense' VP Discovery & IP Generator, will also attend the conference, exploring potential scientific collaborations and partnership opportunities. Prospective partners attending may request a meeting: [pbz@neurosense-tx.com](mailto:pbz@neurosense-tx.com).

**Date:** November 12-16, 2022

**Location:** San Diego, California

**About:** The Society for Neurosciences' (SfN) NeuroScience 2022 brings together scientists from around the world for lectures, symposia, panel sessions, and meet-the-expert, and meet-the-clinician sessions.

### Conference: 33<sup>rd</sup> International Symposium on ALS/MND

- Dr. Zimri will deliver a live poster presentation on NeuroSense's current development and clinical and research plans.

**Date:** December 6-9, 2022

**Location:** Virtual

**About:** The International Symposium is the biggest annual conference dedicated to amyotrophic lateral sclerosis (ALS) and motor neuron disease (MND) research. Each year the conference brings together researchers from around the world to share a new understanding of ALS and MND.

### About NeuroSense

NeuroSense Therapeutics, Ltd. is a clinical-stage biotechnology company focused on discovering and developing treatments for patients suffering from debilitating neurodegenerative diseases. NeuroSense believes that these diseases, which include amyotrophic lateral sclerosis (ALS), Alzheimer's disease and Parkinson's disease, among others, represent one of the most significant unmet medical needs of our time, with limited effective therapeutic options available for patients to date. Due to the complexity of neurodegenerative diseases and based on strong scientific research on a large panel of related biomarkers, NeuroSense's strategy is to develop combined therapies targeting multiple pathways associated with these diseases.
